In Re: IMPLEMENTATION OF THE ELECTRONIC PROOF OF CLAIM PROGRAM – ePOC

Effective Monday September 12, 2016, creditors will be allowed to file proofs of claim electronically through the court's website using ePOC **without** the need for the court to provide the creditor a login and password to the CM/ECF system. ePOC is a program that allows the creditor to provide the requested information necessary to fill out the national proof of claim B 410 form. Once such information is provided ePOC takes the keyed-in data and automatically generates a filled out proof of claim form that gets filed in the CM/ECF system. Creditors also have an option to attach exhibits, if needed.

In order to access the guide on how to use ePOC, please visit our web page and click under ePOC at www.prb.uscourts.gov or [click here](#).
